For Episode 5 : Princess Joins UP

In the end where the Princess is commenting on "joining" Keith, Lance, Hunk, Pidge and Sven, one little gaf is shown here:

There he goes again, that Sven...dressing up as the princess!

On note : im not going to post any color/animation/inconsistencies to Voltron, the Lions or any robeast, since its pretty much a given that there will be mistakes shown on them. In Episode 5 alone, there were many shared between the Robeast and Voltron, that...well, it would have been pointless to point out.
